

## *Stewardship House Tour*

Do a tour of your home (and yard if you have one) and see where you can find examples of how your household practices stewardship:

### TV/Living Room

- Is your TV ever off so you can have meaningful conversations with someone or read a book?
- Are there good books to read available to stretch your mind? Do you have a library card?

### Kitchen

- Do you have a recycling bin for paper, cans and so on?
- Do you have a corner where you put extra cans of food and such to take to a food bank?
- Does your refrigerator contain any foods grown in unjust ways (i.e. labourers are mistreated or paid poorly)?
- Does the refrigerator have a calendar on it with upcoming events including local elections and meetings?
- Does your refrigerator contain healthy foods like fruit and vegetables?

### Bedroom

- Is this space a place to rest and relax, so you can begin each day anew?
- Is it a place where you can pray?

### Outdoors

- Does your yard or neighbourhood have a place where you can enjoy the beauty of nature? Do you use eco-friendly products?
